Communication plan

- The general principal of this SACURIMA Communication Plan is to ensure that all involved are kept up to date with developments within the COST Action and appropriate information on outcomes is available to the wider agricultural community.
- To achieve this, the Core Group uploads all meeting plans, agendas and minutes of all meetings held. Also, Working Groups (WG) are requested to provide and upload their WG status/news 1 or 2 times a year on both the facebook page (www.facebook.com/sacurima) and on the web site (www.sacurima.eu)
